### Guidelines for remuneration to the CEO and other senior executives (item 17)

The board proposes that the annual general meeting resolves on guidelines for remuneration to the CEO and senior executives in accordance with the following.

The total remuneration to individual senior executives in Dustin shall be in line with market practice and shall be competitive in order to attract, motivate and retain key employees. The intention is to create incentives for the senior executives to execute strategic plans and to deliver excellent operative results, as well as to align the interests of the senior executives with the interests of the shareholders.

The remuneration to the CEO and other senior executives shall consist of fixed salary, short-term variable remuneration (STI) which shall be based on achieved financial targets for Dustin as well as individual performance, as well as long-term share or share price related incentive programs (LTI), in addition to pension and other customary benefits.

- The fixed salary shall be based on the senior executive's competence and area of responsibility. The fixed salary shall be reviewed annually.
- The STI shall be based on performance in relation to established goals. The goals shall be individual, measurable as well as linked to Dustin's financial results and to specific accomplishments and processes (individual goals). The STI can amount to a maximum of 100 per cent of the fixed salary for the CEO and to a maximum of 60 per cent of the fixed salary for other senior executives.
- Long-term share or share price related incentive programs shall be linked to certain predetermined financial and/or share or share price related performance targets, and shall ensure a long term commitment to the Company's development.
- Other benefits may include health insurance and other customary benefits. Other benefits shall not constitute a material portion of the total remuneration.
- Senior executives shall be offered individual pension plans amounting to a maximum of 30 per cent of the fixed salary or defined contribution pension solutions.
- In the event of termination by the company, the notice period for senior executives shall amount to a maximum of 12 months.

Under special circumstances, the board may deviate from the above guidelines. In such case, the board is required to explain the reason for the deviation at the following annual general meeting.

For more information regarding the existing guidelines for remuneration to the CEO and other senior executives for 2015/16, see note 7 for the group in the annual report 2015/16.

In accordance with the Swedish Corporate Governance Code, the board's remuneration committee monitors and evaluates the application of the guidelines for remuneration to senior executives resolved by the annual general meeting. The Company's auditor has, in accordance with Ch 8 Sec 54 of the Swedish Companies Act, given a statement on whether or not the guidelines for remuneration to senior executives which have applied during 2015/16 has been followed. Both the remuneration committee's evaluation and the auditor's review have resulted in the conclusion that the guidelines adopted by the annual general meeting have been followed by Dustin during 2015/16.

### Long-term incentive program 2017 (LTI 2017), issue and transfer of warrants and issue of synthetic options (item 18)

The objective of LTI 2017 is to link an increasing share of key employees', of Dustin Group, compensation to Dustin Group's and the Dustin share's long-term value growth, and thereby aligning the interests of the employees with those of the shareholders. LTI 2017 will be an important program for Dustin in order to be able to motivate and retain the best talents; this is vital in order for Dustin to achieve long-term value-growth for the shareholders. LTI 2017 has the same structure as the incentive program which was adopted at the annual general meeting 2014/15, however with a few revisions in order to make the plan more attractive to Norwegian participants by offering them a cash-settled option, through an investment in so-called synthetic options. Furthermore, the number of participants in the program have been increased, from ten to appr. 25, which means that the number of warrants and shares that participants can subscribe for by exercising the warrants have increased compared with LTI 2016.

The board proposes that the general meeting resolves on an issue of no more than 1,159,996 warrants in one series, in order to establish an incentive program for Dustin's group management and key employees. The incentive program includes appr. 25 individuals. The Company's board members shall not be included in the incentive program.

The Company's wholly-owned subsidiary, Dustin AB, shall be entitled to subscribe for the warrants, and transfer the warrants to the participants in LTI 2017. Such transfer shall be made at a price corresponding to the market value of the warrant (the premium). In total, the participants in LTI 2017 are entitled to acquire the total number of warrants that upon exercise for subscription of new shares corresponds to appr. 1.5 per cent of the Company's share capital and votes following dilution. There can be no over-subscription.

Each warrant shall entitle the holder to subscribe for one share. The warrants shall be issued free of charge to the wholly-owned subsidiary Dustin AB. The warrants shall otherwise be subject to the conditions which are available on the Company's website, <http://www.dustingroup.com/en/agm1516>.

Each warrant shall, during the period commencing on 31 January 2020 and up to and including 30 June 2020, entitle the holder to subscribe for one new share in Dustin Group AB (publ) at a subscription price corresponding to SEK 73.90 (which corresponds to 120 per cent of the average for each trading day calculated average volume-weighted price paid for the Dustin share on Nasdaq Stockholm during the period ten trading days after the publication of the year-end report 2015/16, 21 October – 3 November 2016, rounded off to the nearest full SEK ten (10) öre, whereby SEK five (5) öre shall be rounded down). The subscription price and the number of shares that each warrant entitles to subscribe for shall be recalculated in the event of a split, reversed split, new share issue etc. in accordance with market practice. If all warrants are exercised, the share capital will increase with SEK 5,799,980.

#### *Transfer of the warrants to the participants*

The following terms and conditions shall apply for the transfer of the warrants to the participants in LTI 2017.

The issued warrants shall, with deviation from shareholders' preferential rights, be subscribed for by the Company's wholly-owned subsidiary, Dustin AB, which shall thereafter offer the warrants to Dustin's management and key employees. The transfer of the warrants shall be made at a price corresponding to the market value of the warrants at the time of transfer (the premium), calculated according to a by the market generally accepted valuation model (Black Scholes). The calculation shall be performed by an independent valuation institute. In connection with the transfer of the warrants to the participants, the Company shall reserve a right to buy-back the warrants, if the participant's ceases to be employed or performing services to the group or if the participant should transfer its warrants (pre-emptive right).

#### *Distribution of warrants*

Dustin's management and certain key employees shall be entitled to acquire warrants, subject to that they have entered into a pre-emption agreement with the Company. Allotment of warrants will be made by the board, in accordance with the principles set-out by the annual general meeting. LTI 2017 will comprise no more than the following number of warrants for the different categories of participants:

- the CEO of Dustin can acquire not more than 237,948 warrants at market value, and
- the other participants can, together, acquire not more than 922,048 warrants at market value, the maximum number of warrants that each participant can acquire will be based on the participant's competence and area of responsibility.

#### *Synthetic options*

The board proposes that Norwegian employees may be offered to participate in LTI 2017 without making an investment in warrants, and instead be offered a cash settlement by investing in so-called synthetic options that retains the economic characteristics of the warrants. In order to implement the synthetic option program, the board proposes that the annual general meeting resolves on the following principal terms and conditions.

A synthetic option gives the holder the right to receive a cash amount, from Dustin, corresponding to the difference between the subscription price as set out above, i.e. SEK 73.90 and the average for each trading day calculated average volume-weighted price paid for the Dustin share on Nasdaq Stockholm during the period ten trading days before the day the synthetic option is exercised.

The participants' acquisition of the synthetic options shall be made at market value. The value (the premium) shall be calculated according to the same principles as the warrants and each participant shall be entitled to acquire the same number of synthetic options as the number of warrants that the participant would otherwise have been entitled to acquire. The synthetic options are to be exercised during the period from 31 January 2020 up to and including 30 June 2020.

The board shall resolve on the content of the option agreements to be entered into with the participants who would like to purchase synthetic options. The Company will reserve the right to (i) buy-back the synthetic options if the participant should transfer the synthetic options (pre-emptive right) and (ii) cap the amount per synthetic option, that each participant can receive to SEK 231.62.

#### *Impact on key ratios*

The Company's earnings per share is not affected by the issue of warrants or synthetic options since the present value of the subscription price exceeds the current market price at the time of the transfer or issuance.

#### *Costs*

The transfer of warrants and synthetic options shall be at a price equivalent to the market value at the time of transfer or the date of issuance, which means that there are no social security contributions for the group in connection with the issue and transfer of the warrants or the issuance of the synthetic options. The market value of the warrants and the synthetic options, according to a preliminary valuation based on the market value of the underlying share corresponding to the share price of the Company's share 31 October 2016, is SEK 1.72 per option, assuming a strike price of SEK 73.90 per share. The Black Scholes-model has been used for the valuation, assuming a risk-free rate of -0.52 per cent and a volatility of 25 per cent.

Other expenses for the incentive program relates to fees to external advisors and administrative costs for LTI 2017.

#### *The dilution of existing shares and votes*

Based on the number of shares and votes in the Company, the proposed LTI 2017 implies, upon exercise of all 1,159,996 warrants, a full dilution corresponding to approximately 1.5 per cent of the total number of shares and votes outstanding in the Company. If all outstanding incentive programs of the Company are included in the calculation, the corresponding maximum dilution is approximately 3.7 per cent.

#### *Preparation of the proposal*

LTI 2017 has, in accordance with guidelines from the board, been prepared by the Company's management and external advisors as well as been considered by the remuneration committee and at board meetings in November 2016.

#### *Majority decision*

Resolution on the adoption of LTI 2017 requires for its validity that the proposal is supported by shareholders representing at least nine tenths of both the votes cast at the general meeting and the shares represented at the general meeting.

#### **Authorization**

The board, or the person appointed by the board, shall be entitled to make such minor adjustments to the annual general meeting's resolutions that may prove necessary for registration with the Swedish Companies Registration Office and Euroclear Sweden.

**7 Utdelning på ny aktie/Dividends on new shares**

Aktie som utgivits efter teckning medför rätt till vinstutdelning första gången på den avstämningsdag för utdelning som infaller närmast efter det att teckning verkställts. *Shares issued following Subscription shall entitle the holders thereof to participate in the distribution of dividends for the first time on the record date that occurs immediately following the Subscription.*

**8 Omräkning av teckningskurs och antal aktier/Recalculation of Exercise Price and the number of shares**

Beträffande den rätt som ska tillkomma optionsinnehavare i de situationer som anges nedan ska följande gälla:

*The following provisions shall govern the rights that vests in Warrant Holder in the events described below:*

**A Fondemission/Bonus issue**

Vid fondemission ska teckning - där anmälan om teckning görs på sådan tid att tilldelning av aktier inte kan verkställas senast på femte vardagen före den bolagsstämma som ska pröva frågan om fondemission - verkställas först sedan stämman beslutat om fondemissionen. Aktier som tillkommer på grund av teckning som verkställs efter beslutet om fondemission upptas på optionsinnehavares avstämningskonto såsom interimsaktier, vilket innebär att sådana aktier inte omfattas av beslut om fondemission. Slutlig registrering på avstämningskonto sker först efter avstämningsdagen för fondemissionen.

*In the event of a bonus issue, where an application for Subscription is submitted at such time that the allotment of shares cannot be made on or before the fifth weekday prior to the general meeting which resolves to make the bonus issue, Subscription shall be effected only after the general meeting has adopted a resolution approving the bonus issue. Shares which vest pursuant to Subscription effected after the adoption of a resolution approving the bonus issue shall be registered in the Warrant Holder's Securities Account as interim shares, and accordingly such shares shall not entitle the holder thereof to participate in the bonus issue. Definitive registration in Securities Accounts shall only take place after the record date for the bonus issue.*

Vid teckning som verkställs efter beslut om fondemission tillämpas en omräknad teckningskurs liksom ett omräknat antal aktier som varje teckningsoption ger rätt att teckna. Omräkningarna utförs av ett väl ansett oberoende värderingsinstitut enligt följande:

*In conjunction with Subscription which is effected after the adoption of a resolution to make a bonus issue, a recalculated Exercise Price as well as a recalculated number of shares for which each Warrant entitles the Warrant Holder to subscribe shall be applied. The recalculation shall be carried out by a reputable independent valuation institute in accordance with the following formula:*

Omräknad teckningskurs = (föregående teckningskurs) x (antalet aktier i Bolaget före fondemissionen) / (antalet aktier i Bolaget efter fondemissionen)

*Recalculated Exercise Price = (previous Exercise Price) x (the number of shares in the Company prior to the bonus issue) / (the number of shares in the Company after the bonus issue).*

Omräknat antal aktier som varje teckningsoption ger rätt att teckna = (föregående antal aktier som varje teckningsoption berättigar till teckning av) x (antalet aktier i Bolaget efter fondemissionen) / (antalet aktier i Bolaget före fondemissionen)

*Recalculated number of shares for which each Warrant entitles the Warrant Holder to subscribe = (previous number of shares for which each Warrant entitled the holder to subscribe) x (the number of shares in the Company after the bonus issue) / (the number of shares in the Company prior to the bonus issue).*

Den enligt ovan omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna ska fastställas av ett väl ansett oberoende värderingsinstitut snarast efter bolagsstämmans beslut om fondemissionen.

*The Exercise Price and the number of shares which each Warrant entitles the holder to subscribe for, recalculated as set out above, shall be determined by a reputable independent valuation institute as soon as possible after the general meeting has adopted a resolution approving the bonus issue.*

#### **B Sammanläggning eller uppdelning av aktien i Bolaget/Reverse share split/share split**

Genomför Bolaget en sammanläggning eller uppdelning (split) av aktierna, ska bestämmelserna i moment A ovan äga motsvarande tillämpning. Såsom avstämningsdag ska anses den dag då sammanläggningen eller uppdelningen verkställs av Euroclear på begäran av Bolaget.

*In the event the Company effects a reverse share split or share split, the provisions of sub-section A above shall apply mutatis mutandis. The record date shall be deemed to be the date on which the reverse share split or share split is carried out by Euroclear at the request of the Company.*

#### **C Nyemission/New issue**

Genomför Bolaget en nyemission av aktier mot kontant betalning eller kvittning med företrädesrätt för aktieägarna, ska följande gälla beträffande rätten till att delta i nyemissionen för aktie som tillkommit på grund av teckning med utnyttjande av teckningsoption.

*If the Company issues new shares subject to pre-emption rights for shareholders to subscribe for new shares in exchange for cash payment or by set off, the following shall apply with respect to the right to participate in the new issue for shareholders whose shares vest as a consequence of Subscription on exercise of the Warrant:*

1. Beslutas nyemissionen av styrelsen under förutsättning av bolagsstämmans godkännande eller med stöd av bolagsstämmans bemyndigande, ska i beslutet om nyemissionen anges den senaste dag då teckning ska vara verkställd för att aktie, som tillkommit genom teckning enligt dessa villkor, ska medföra rätt att delta i nyemissionen.

*If the board of directors of the Company has resolved to carry out a new issue conditional upon the approval of the general meeting of the shareholders or pursuant to authorisation granted by the general meeting of the shareholders, the resolution of the new issue shall state the last day on which Subscription must be effected in order to entitle the holders of*

*the shares held pursuant to Subscription according to these terms and conditions to participate in the new issue.*

2. Beslutas nyemissionen av bolagsstämman, ska teckning där anmälan om teckning görs på sådan tid, att teckningen inte kan verkställas senast på femte vardagen före den bolagsstämma som ska pröva frågan om nyemission verkställas först sedan stämman beslutat om denna. Aktier som tillkommer på grund av teckning som verkställs efter emissionsbeslutet upptas interimistiskt på avstämningskonto, vilket innebär att de inte ger rätt att delta i nyemissionen. Slutlig registrering på avstämningskonto sker först efter avstämningsdagen för nyemissionen.

*If the general meeting adopts a resolution to issue new shares, where an application for Subscription is submitted at such time that it cannot be effected on or before the fifth weekday prior to the general meeting which shall resolve on the new issue, Subscription shall only be effected following the adoption of a resolution with respect thereto by the general meeting. Shares which vest as a consequence of such Subscription shall be registered in the Securities Account as interim shares, and accordingly shall not entitle the holders to participate in the new issue. Definitive registration in Securities Accounts shall only take place after the record date for the new issue.*

Vid teckning som verkställs på sådan tid att rätt till att delta i nyemissionen inte föreligger tillämpas en omräknad teckningskurs och ett omräknat antal aktier som varje teckningsoption ger rätt att teckna. Omräkningarna ska utföras av ett väl ansett oberoende värderingsinstitut enligt följande:

*Where Subscription is effected at such time that no right to participate in the new issue arises, a recalculated Exercise Price as well as a recalculated number of shares for which each Warrant entitles the holder to subscribe shall apply. Recalculations shall be made by a reputable independent valuation institute in accordance with the following formulae:*

Omräknad teckningskurs = (föregående teckningskurs) x (aktiens genomsnittliga marknadskurs under den i emissionsbeslutet fastställda teckningstiden ("aktiens genomsnittskurs")) / (aktiens genomsnittskurs ökad med det på grundval därav framräknade teoretiska värdet på teckningsrätten)

*Recalculated Exercise Price = (previous Exercise Price) x (the average quoted price of the share during the subscription period stated in the resolution approving the issue ("average price of the share")) / (the average price of the share increased by the theoretical value of the subscription right calculated on the basis thereof).*

Omräknat antal aktier = (föregående antal aktier, som varje teckningsoption ger rätt att teckna) x (aktiens genomsnittskurs ökad med det på grundval därav framräknade teoretiska värdet på teckningsrätten) / (aktiens genomsnittskurs)

*Recalculated number of shares for which each Warrant entitles the holder to subscribe = (previous number of shares for which each Warrant entitled the holder to subscribe) x (the average price of the share increased by the theoretical value of the subscription right calculated on the basis thereof) / (the average price of the share).*

Aktiens genomsnittskurs ska anses motsvara genomsnittet av det för varje handelsdag under teckningstiden framräknade medeltalet av den under dagen noterade högsta och lägsta betalkursen enligt den kurslista på vilken aktien är noterad. I avsaknad av notering av betalkurs ska i stället den senaste noterade köpkursen ingå i beräkningen. Noteras varken betalkurs eller köpkurs under viss dag, ska vid beräkningen av aktiens genomsnittskurs bortses från sådan dag.

*The average price of the share shall be deemed to be the equivalent of the average calculated mean value, for each trading day during the subscription period, of the highest and lowest quoted paid price on that day according to the list on which the shares are quoted. In the absence of a quoted paid price, the bid price shall form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation.*

Det teoretiska värdet på teckningsrätten ska beräknas enligt följande:

*The theoretical value of the subscription right is calculated in accordance with the following formulae:*

Teoretiskt värde på teckningsrätten = (det nya antal aktier som högst kan komma att utges enligt emissionsbeslutet) x ((aktiens genomsnittskurs) - (emissionskursen för den nya aktien)) / (antalet aktier före emissionsbeslutet)

*Theoretical value of subscription right = (the maximum number of new shares which may be issued pursuant to the resolution approving the issue) x ((the average price of the share) (the issue price of the new share)) / (the number of shares prior to the adoption of the resolution approving the issue).*

Uppstår härvid ett negativt värde, ska det teoretiska värdet på teckningsrätten bestämmas till noll.

*If this results in a negative value, the theoretical value of the subscription right shall be deemed to be zero.*

Den enligt ovan omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna ska fastställas av ett väl ansett oberoende värderingsinstitut tio bankdagar efter utgången av teckningstiden och tillämpas vid varje nyteckning som verkställs därefter.

*The Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe, recalculated as set out above, shall be determined by a reputable independent valuation institute ten Business days after the expiry of the subscription period and shall apply to each Subscription effected thereafter.*

Om Bolagets aktier vid tidpunkten för emissionsbeslutet inte är föremål för marknadsnotering, ska en häremot svarande omräkning ske, dels av teckningskursen, dels av det antal aktier som varje teckningsoption ger rätt att teckna. Omräkningen, som ska utföras av ett väl ansett oberoende värderingsinstitut, ska ha som utgångspunkt att värdet på teckningsoptionerna ska lämnas oförändrat.

*If the Company's shares at the time of the resolution to issue the new share, are not subject to a listing, a corresponding recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe shall take place. The recalculation, which shall be made by a reputable independent valuation institute, shall be based on the assumption that the value of the Warrants shall remain unchanged.*

Under tiden innan den omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna har fastställts, verkställs aktieteckning endast preliminärt, varvid det antal aktier som varje teckningsoption före omräkning berättigar till teckning upptas intermistiskt på avstämningskonto. Slutlig registrering på avstämningskonto sker först sedan den omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna har fastställts.

*During the period prior to the determination of the recalculated Exercise Price and the recalculated number of shares for which each Warrant entitles the holder to subscribe, Subscription shall only be effected on a preliminary basis, whereby the number of shares each Warrant entitles the holder to subscribe for prior to recalculation shall be registered in the Securities Account on an interim basis. Definitive registration in Securities Accounts shall be made following determination of the recalculated Exercise Price and the recalculated number of shares for which each Warrant entitles the holder to subscribe.*

**D Emission av teckningsoptioner eller konvertibler enligt 14 respektive 15 kap. aktiebolagslagen/Issue of convertible bonds or warrants in accordance with Chapter 14 and 15 of the Companies Act**

Genomför Bolaget en emission av teckningsoptioner eller konvertibler, i båda fallen med företrädesrätt för aktieägarna att teckna sådana aktierelaterade instrument mot kontant betalning eller kvittning, ska beträffande rätten till delta i emissionen för aktie som utgivits vid teckning bestämmelserna i moment C, första stycket punkterna 1 och 2 äga motsvarande tillämpning.

*In the event the Company issues convertible bonds or warrants, in both cases subject to pre-emption rights for the shareholders to subscribe for such equity related instrument in exchange for cash payment or by set off, the provisions of sub-section C, first paragraph, sub-paragraphs 1 and 2 shall apply mutatis mutandis in respect of the right to participate in the issue for any share which has been issued through Subscription.*

Vid teckning som verkställs på sådan tid att rätt till att delta i emissionen inte föreligger, tillämpas en omräknad teckningskurs och ett omräknat antal aktier som varje teckningsoption ger rätt att teckna. Omräkningarna ska utföras av ett väl ansett oberoende värderingsinstitut enligt följande:

*Where Subscription is effected at such time that no right to participate in the new issue arises, a recalculated Exercise Price as well as a recalculated number of shares for which each Warrant entitles the holder to subscribe shall apply. Recalculations shall be made by a reputable independent valuation institute in accordance with the following formulae:*

Omräknad teckningskurs = (föregående teckningskurs) x (aktiens genomsnittliga marknadskurs under den i emissionsbeslutet fastställda teckningstiden ("aktiens genomsnittskurs) / (aktiens genomsnittskurs ökad med teckningsrättens värde)

*Recalculated Exercise Price = (previous Exercise Price) x (the average quoted price of the share during the relevant period stated in the resolution approving the issue ("average price of the share")) / (the average price of the share increased by the value of the subscription right).*

Omräknat antal aktier = (föregående antal aktier som varje teckningsoption berättigar till teckning av) x (aktiens genomsnittskurs ökad med teckningsrättens värde) / (aktiens genomsnittskurs).

*Recalculated number of shares for which each Warrant entitles the holder to subscribe = (previous number of shares for which each Warrant entitled the holder to subscribe) x (the average price of the share increased by the value of the subscription right) / (the average price of the share).*

Aktiens genomsnittskurs beräknas i enlighet med vad som angivits i moment C ovan.  
*The average price of the share shall be calculated in accordance with the provisions of sub-section C above.*

Teckningsrättens värde ska anses motsvara genomsnittet av det för varje handelsdag under teckningstiden framräknade medeltalet av den under dagen noterade högsta och lägsta betalkursen enligt den kurslista på vilken teckningsrätten är noterad. I avsaknad av notering av betalkurs ska i stället den senaste noterade köpkursen ingå i beräkningen. Noteras varken betalkurs eller köpkurs under viss dag, ska vid beräkningen av teckningsrättens värde bortses från sådan dag.

*The value of the subscription right shall be deemed to be the equivalent of the average calculated mean value, for each trading day during the subscription period, of the highest and lowest quoted paid price on that day according to list on which the subscription rights are quoted. In the absence of a quoted paid price, the quoted bid price shall form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation.*

Den enligt ovan omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna ska fastställas av ett väl ansett oberoende värderingsinstitut tio bankdagar efter utgången av teckningstiden för emissionen och tillämpas vid varje teckning som verkställs därefter.

*The Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe, recalculated as set out above, shall be determined by a reputable independent valuation institute ten Business Days after the expiry of the subscription period and shall apply to each Subscription effected thereafter.*

Om Bolagets aktier vid tidpunkten för emissionsbeslutet inte är föremål för marknadsnotering, ska en häremot svarande omräkning ske, dels av teckningskursen, dels av det antal aktier som varje teckningsoption ger rätt att teckna. Omräkningen, som ska utföras av ett väl ansett oberoende värderingsinstitut, ska ha som utgångspunkt att värdet på teckningsoptionerna ska lämnas oförändrat.

*If the Company's shares, at the time of the resolution to issue the notes, are not subject to a listing, a corresponding recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe shall take place. The recalculation, which shall be made by a reputable independent valuation institute, shall be based on the assumption that the value of the Warrants shall remain unchanged.*

Vid teckning som verkställs under tiden innan den omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna har fastställts, ska bestämmelserna i moment C sista stycket ovan äga motsvarande tillämpning  
*Upon Subscription effected during the period prior to the determination of the recalculated Exercise Price and the recalculated number of shares for which each Warrant entitles the holder to subscribe, the terms and conditions in sub-section C last paragraph shall apply.*

#### **E Vissa andra fall av erbjudanden till aktieägarna/Other offers to shareholders**

Skulle Bolaget i andra fall än som avses i moment A-D ovan lämna erbjudande till aktieägarna att, med företrädesrätt till aktieägarna enligt principerna i 13 kap 1 § aktiebolagslagen, av Bolaget förvärva värdepapper eller rättighet av något slag eller besluta att, enligt ovan nämnda

principer, till aktieägarna utdela sådana värdepapper eller rättigheter utan vederlag, ska vid teckning som påkallas på sådan tid, att därigenom erhållen aktie inte medför rätt att delta i erbjudandet, tillämpas en omräknad teckningskurs och ett omräknat antal aktier som varje teckningsoption ger rätt att teckna. Omräkningen ska utföras av ett väl ansett oberoende värderingsinstitut enligt följande:

*Where the Company, in circumstances other than those referred to in sub-sections A-D above, makes offers to the shareholders, subject to pre-emption rights for the shareholders in accordance with the principles set out in Chapter 13, section 1 of the Companies Act, to acquire securities or rights of any type from the Company or resolves, in accordance with the principles mentioned above, to distribute such securities or rights to the shareholders without consideration, in conjunction with Subscription which is effected at such time that the shares thereby received do not entitle the holder to participate in the offer, a recalculated Exercise Price as well as a recalculated number of shares for which each Warrant entitles the holder to subscribe shall apply. Recalculations shall be made by a reputable independent valuation institute in accordance with the following formulae:*

Omräknad teckningskurs = (föregående teckningskurs) x (aktiens genomsnittliga marknadskurs under den i erbjudandet fastställda anmälningstiden ("aktiens genomsnittskurs") / (aktiens genomsnittskurs ökad med värdet av rätten till att delta i erbjudandet ("inköpsrättens värde"))

*Recalculated Exercise Price = (previous Exercise Price) x (the average quoted price of the share during the application period for the offer ("average price of the share")) / (the average price of the share increased by the value of the right to participate in the offer ("value of the purchase right")).*

Omräknat antal aktier = (föregående antal aktier som varje teckningsoption ger rätt att teckna) x (aktiens genomsnittskurs ökad med inköpsrättens värde) / (aktiens genomsnittskurs)

*Recalculated number of shares for which each Warrant entitles the holder to subscribe = (previous number of shares for which each Warrant entitled the holder to subscribe) x (the average price of the share increased by the value of the purchase right) / (the average price of the share).*

Aktiens genomsnittskurs beräknas i enlighet med bestämmelserna i moment C ovan.

*The average price of the share shall be calculated in accordance with the provisions of sub-section C above.*

För det fall aktieägarna erhållit inköpsrätter och handel med dessa ägt rum, ska värdet av rätten att delta i erbjudandet anses motsvara inköpsrättens värde. Inköpsrättens värde ska härvid anses motsvara genomsnittet av det för varje handelsdag under anmälningstiden framräknade medeltalet av den under dagen noterade högsta och lägsta betalkursen enligt den kurslista på viken inköpsrätten noteras. I avsaknad av noterad betalkurs ska i stället den senaste noterade köpkursen ingå i beräkningen. Noteras varken betalkurs eller köpkurs under viss dag, ska vid beräkningen av inköpsrättens värde bortses från sådan dag.

*Where shareholders have received purchase rights and trading in these has taken place, the value of the right to participate in the offer shall be deemed to be equivalent to the value of the purchase rights. For this purpose, the value of the purchase right shall be deemed to be equivalent to the average calculated mean value, for each trading day during the application period, of the highest and lowest quoted paid price during the day according to list on which the purchase rights are quoted. In the absence of a quoted paid price, the quoted bid price shall*

*form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation.*

För det fall aktieägarna inte erhållit inköpsrätter eller om sådan handel med inköpsrätter som avses i föregående stycke inte ägt rum, ska omräkning av teckningskurs ske med tillämpning så långt möjligt av de principer som anges ovan i detta moment E, varvid följande ska gälla. Om notering sker av de värdepapper eller rättigheter som erbjuds aktieägarna, ska värdet av rätten att delta i erbjudandet anses motsvara genomsnittet av det för varje handelsdag under 25 handelsdagar från och med första dagen för sådan notering framräknade medeltalet av den under dagen noterade högsta och lägsta betalkursen vid affärer i dessa värdepapper eller rättigheter på den marknadsplats vid vilken nämnda värdepapper eller rättigheter är noterade, i förekommande fall minskat med det vederlag som betalats för dessa i samband med erbjudandet. I avsaknad av noterad betalkurs ska i stället den senaste noterade köpkursen ingå i beräkningen. Noteras varken betalkurs eller köpkurs under viss dag, ska vid beräkningen av värdet av rätten att delta i erbjudandet bortses från sådan dag. Vid omräkning enligt detta stycke av teckningskursen och det antal aktier som varje teckningsoption ger rätt att teckna, ska nämnda period om 25 handelsdagar anses motsvara den i erbjudandet fastställda anmälningstiden enligt första stycket i detta moment E.

*If the shareholders do not receive purchase rights or where such trading in purchase rights as referred to in the preceding paragraph otherwise does not take place, the recalculation of the Exercise Price shall be made as far as possible by applying the principles set out above in this sub-section E and the following shall apply. Where listing of the securities or rights offered to the shareholders takes place, the value of the right to participate in the offer shall be deemed to be equivalent to the average calculated mean value, for each trading day during the period of 25 trading days calculated from the first day of listing, of the highest and lowest transaction prices quoted for trades in such securities or rights reduced, where appropriate, by the consideration paid for these in conjunction with the offer. In the absence of a quoted paid price, the quoted bid price shall form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation of the value of the right to participate in the offer. In the recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe, the period of 25 trading days referred to above shall be deemed to be the application period determined for the offer pursuant to the first paragraph of this Section E.*

Om notering inte sker av de värdepapper eller rättigheter som erbjuds aktieägarna, ska värdet av rätten att delta i erbjudandet så långt möjligt fastställas med ledning av den förändring i marknadsvärde avseende Bolagets aktier som kan bedömas ha uppkommit till följd av erbjudandet.

*Where no listing of such securities or rights offered to the shareholders takes place, the value of the right to participate in the offer shall, to the greatest extent possible, be determined based on the change in the market value of the Company's shares which may be deemed to have occurred as a consequence of the offer.*

Den enligt ovan omräknade teckningskursen och det antal aktier som varje teckningsoption ger rätt att teckna ska fastställas av Bolaget snarast efter det att värdet av rätten att delta i erbjudandet kunnat beräknas.

*The Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe, recalculated in accordance with the above, shall be determined by the Company as*

*soon as possible after it becomes possible to calculate the value of the right to participate in the offer.*

Om Bolagets aktier vid tidpunkten för erbjudandet inte är föremål för marknadsnotering, ska en häremot svarande omräkning ske, dels av teckningskursen, dels av det antal aktier som varje teckningsoption ger rätt att teckna. Omräkningen, som ska utföras av ett väl ansett oberoende värderingsinstitut, ska ha som utgångspunkt att värdet på teckningsoptionerna ska lämnas oförändrat.

*If the Company's shares, at the time of the offer, are not subject to a Listing, a corresponding recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe shall take place. The recalculation, which shall be made by a reputable independent valuation institute, shall be based on the assumption that the value of the Warrants shall remain unchanged.*

Vid teckning som verkställs under tiden innan den omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna har fastställts, ska bestämmelserna i moment C sista stycket ovan äga motsvarande tillämpning

*Upon Subscription effected during the period prior to the determination of the recalculated Exercise Price and the recalculated number of shares for which each Warrant entitles the holder to subscribe, the terms and conditions in sub-section C last paragraph shall apply.*

#### **F Likabehandling av optionsinnehavare och aktieägare/Equal treatment of Warrant Holders and shareholders**

Vid nyemission av aktier mot kontant betalning med företrädesrätt för aktieägarna eller emission enligt 14 eller 15 kap aktiebolagslagen mot kontant betalning med företrädesrätt för aktieägarna, får Bolaget besluta att ge samtliga optionsinnehavare samma företrädesrätt som aktieägarna. Därvid ska varje optionsinnehavare, utan hinder av att aktieteckning inte har skett eller verkställts, anses vara ägare till det antal aktier som optionsinnehavaren skulle ha erhållit, om aktieteckning verkställts enligt den teckningskurs och det antal aktier som varje teckningsoption ger rätt att teckna som gällde vid tidpunkten för emissionsbeslutet.

*Where the Company issues new shares or makes an issue pursuant to Chapters 14 or 15 of the Companies Act, with pre-emption rights for shareholders to subscribe for equity related instruments in exchange for cash payment, the Company may grant all Warrant Holders the same pre-emption rights as the shareholders. In conjunction therewith, each Warrant Holder, irrespective of whether subscription for shares has been made, shall be deemed to be the owner of the number of shares which such Warrant Holder would have received, had Subscription on the basis of the Warrant been effected in respect of the Exercise Price, and the number of shares for which each Warrant entitles the holder to subscribe, in effect at the time of the resolution to issue the shares.*

Om Bolaget beslutar att lämna ett sådant erbjudande som beskrivs i moment E ovan, ska vad som anges i föregående stycke tillämpas på motsvarande sätt, dock att det antal aktier som optionsinnehavaren ska anses vara ägare till i sådant fall ska fastställas på grundval av den teckningskurs och det antal aktier som varje teckningsoption ger rätt att teckna vid tidpunkten för beslutet att lämna erbjudandet.

*If the Company resolves to make an offer to the shareholders as described in sub-section E above, what has been stated in the preceding paragraph shall apply mutatis mutandis. However, the number of shares of which each warrant holder shall be deemed to be the owner*

*shall, in such circumstances, be determined on the basis of the Exercise Price, and the number of shares for which each Warrant entitles the holder to subscribe, in effect at the time of the resolution to make the offer.*

Om Bolaget beslutar att ge optionsinnehavarna företrädesrätt i enlighet med vad som anges i detta moment F, ska ingen omräkning ske enligt moment C, D eller E ovan av teckningskursen eller det antal aktier som varje teckningsoption ger rätt att teckna.

*If the Company resolves to grant the warrant holders pre-emption rights in accordance with the provisions set out in this sub-section F, no recalculation as set out in sub-sections C, D, or E above of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe for shall be made.*

## **G Utdelning/Dividend**

Om Bolaget beslutar om kontant utdelning till aktieägarna innebärande att dessa erhåller utdelning som, tillsammans med andra under samma räkenskapsår beslutade utdelningar, avviker med 10 procent eller mer (extraordinär utdelning) från de vid utfärdandet av teckningsoptionerna prognostiserade utdelningarna som använts vid fastställande av optionspremien (prognostiserade utdelningar), ska, vid anmälan om utnyttjande att teckna nya aktier som sker under sådan tid, att därigenom erhållen aktie inte medför rätt till erhållande av sådan utdelning, tillämpas ett omräknat lösenpris och ett omräknat antal aktier som varje teckningsoption berättigar till. Omräkning ska baseras på hela den extraordinära utdelningen.

*If the Company resolves on a cash dividend to the shareholders whereby they would receive dividends that, combined with other dividends resolved during the same fiscal year, deviates by 10 percent or more (extraordinary dividend) from the prognosticated dividend used to determine the option premium from the time the warrants are issued (the prognosticated dividend), shall, upon exercise of the Warrant to subscribe for new shares at such time that the share received does not entitle to such dividend, an adjusted Exercise price and adjusted number of shares for which each Warrant provides right to subscribe for shall be applied. The recalculation shall be based on the entire extraordinary dividend.*

Omräkningarna genomförs av ett väl ansett oberoende värderingsinstitut enligt följande:

*The recalculations shall be made by a reputable independent valuation institute in accordance with the following formula:*

Omräknad teckningskurs = (föregående teckningskurs x aktiens genomsnittskurs under en period om 25 handelsdagar räknat fr.o.m. den dag då aktien noteras utan rätt till extraordinär utdelning) / (aktiens genomsnittskurs under en period om 25 handelsdagar räknat fr.o.m. den dag då aktien noteras utan rätt till extraordinär utdelning ökad med den extraordinära utdelning som utbetalas per aktie)

*Recalculated Exercise price = (previous Exercise price x the average quoted price of the share during a period of 25 trading days from the date the share was listed ex rights to extraordinary dividend) / the average quoted price of the share during a period of 25 trading days calculated from the date the share was listed ex rights to extraordinary dividend plus the extraordinary dividend which is paid per share.*

Omräknat antal aktier som varje teckningsoption berättigar till teckning av = föregående antal aktier som varje teckningsoption berättigar till teckning av x (aktiens genomsnittskurs under en period om 25 handelsdagar räknat fr.o.m. den dag då aktien noteras utan rätt till extraordinär utdelning ökad med den extraordinära utdelning som utbetalas per aktie) / aktiens genomsnittskurs under en period om 25 handelsdagar räknat fr.o.m. den dag då aktien noteras utan rätt till extraordinär utdelning.

*Recalculated number of shares for which each Warrant entitles to subscribe = previous number of shares for which each Warrant entitles to subscribed x (the average quoted price of the share during a period of 25 trading days calculated from the date the share is listed ex rights to extraordinary dividend plus the value of the extraordinary dividend paid per share) / the average quoted price of the share during a period of 25 trading days calculated from the date the share is listed ex rights to extraordinary dividend*

Enligt ovan omräknad teckningskurs och omräknat antal aktier som varje teckningsoption berättigar till teckning av fastställs av ett väl ansett oberoende värderingsinstitut tio bankdagar efter utgången av ovan angiven period om 25 handelsdagar och ska tillämpas vid teckning som verkställs därefter.

*The adjusted Exercise price and adjusted number of shares, as above, are conducted by a reputable independent valuation institute ten Business Days after the expiry of the aforementioned period of 25 trading days and shall be applied in Subscriptions subsequently completed.*

Skulle Bolaget besluta om sakutdelning till aktieägarna som innebär en extraordinär utdelning ska omräkning av teckningskursen och antalet aktier ske enligt samma principer som vid kontant utdelning, varvid beräkningen av värdet av sakutdelningen att användas vid omräkningen ska utföras av ett väl ansett oberoende värderingsinstitut.

*If decision is made regarding a dividend in kind to the shareholders involving an extraordinary dividend, a recalculation of the Exercise price and the number of shares shall be made in accordance with the same principles as in the case of a cash dividend. The calculation of the value of the dividend in kind to be used for the recalculation shall be performed by a reputable independent valuation institute.*

#### **H Minskning av aktiekapitalet/Reduction of share capital**

Om Bolagets aktiekapital skulle minskas med återbetalning till aktieägarna och sådan minskning är obligatorisk ska tillämpas en omräknad teckningskurs liksom ett omräknat antal aktier som varje teckningsoption ger rätt att teckna.

*If the Company's share capital is reduced though a repayment to the shareholders, and such reduction is compulsory, a recalculated Exercise Price and a recalculated number of shares for which each Warrant entitles the holder to subscribe, shall be applied.*

Omräkningen genomförs av ett väl ansett oberoende värderingsinstitut enligt följande:

*The recalculations shall be made by a reputable independent valuation institute in accordance with the following formulae:*

Omräknad teckningskurs = (föregående teckningskurs) x (aktiens genomsnittliga marknadskurs under en period om 25 handelsdagar räknat från och med den dag då aktien noteras utan rätt till återbetalning ("aktiens genomsnittskurs")) / (aktiens genomsnittskurs ökad med det belopp som återbetalas per aktie)

*Recalculated Exercise Price = (previous Exercise Price) x (the average quoted price of the share during a period of 25 trading days calculated from the day on which the share is listed without any right to participate in the distribution (the "average price of the share")) / (the average price of the share increased by the amount repaid per share) .*

Omräknat antal aktier = (föregående antal aktier som varje teckningsoption ger rätt att teckna) x (aktiens genomsnittskurs ökad med det belopp som återbetalas per aktie) / (aktiens genomsnittskurs)

*Recalculated number of shares for which each Warrant entitles the holder to subscribe = (previous number of shares for which each Warrant entitled the holder to subscribe) x (the*

*average price of the share increased by the amount repaid per share) / (the average price of the share).*

Aktiens genomsnittskurs beräknas i enlighet med bestämmelserna i moment C ovan.

*The average price of the share is calculated in accordance with the provisions set out in sub-section C above.*

Vid omräkning enligt ovan och där minskningen sker genom inlösen av aktier, ska istället för det faktiska belopp som återbetalas per aktie användas ett beräknat återbetalningsbelopp enligt följande:

*In carrying out the recalculations according to the above and where the reduction is made through redemption of shares, instead of using the actual amount which is repaid for each share, an amount calculated as follows shall be applied:*

Beräknat återbetalningsbelopp per aktie = (det faktiska belopp som återbetalas per inlöst aktie minskat med aktiens genomsnittliga marknadskurs under en period om 25 handelsdagar närmast före den dag då aktien noteras utan rätt till att delta i minskningen ("aktiens genomsnittskurs")) / (det antal aktier i Bolagets som ligger till grund för inlösen av en aktie minskat med talet 1)

*Calculated amount to be repaid for each share = (the actual amount repaid for each redeemed share reduced by the average market price of the share during a period of 25 trading days immediately prior to the day on which the share is listed without any right to participate in the reduction (the "average price of the share")) / (the number of shares of the Company which carry an entitlement to the redemption of one share, reduced by 1).*

Aktiens genomsnittskurs beräknas i enlighet med bestämmelserna i moment C ovan.

*The average exchange price is calculated in accordance with the provisions set out in sub-section C above.*

Den enligt ovan omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna ska fastställas av ett väl ansett oberoende värderingsinstitut tio bankdagar efter utgången av den angivna perioden om 25 handelsdagar och ska tillämpas vid aktieteckning som verkställs därefter.

*The Exercise Price and number of shares for which each Warrant entitles the holder to subscribe, recalculated as set out above, shall be determined by a reputable independent valuation institute ten Business Days after the expiry of the above-mentioned period of 25 trading days, and shall apply to each Subscription effected thereafter.*

Vid teckning som verkställs under tiden innan den omräknade teckningskursen och det omräknade antalet aktier som varje teckningsoption ger rätt att teckna har fastställts, ska bestämmelserna i moment C sista stycket ovan äga motsvarande tillämpning

*Upon Subscription effected during the period prior to the determination of the recalculated Exercise Price and the recalculated number of shares for which each Warrant entitles the holder to subscribe, the terms and conditions in sub-section C last paragraph shall apply.*

Om Bolagets aktiekapital skulle minskas genom inlösen av aktier med återbetalning till aktieägarna och sådan minskning inte är obligatorisk, men där, enligt ett väl ansett oberoende värderingsinstitut bedömning, minskningen med hänsyn till dess tekniska utformning och ekonomiska effekter är att jämställa med minskning som är obligatorisk, ska omräkning av teckningskursen och det antal aktier som varje teckningsoption ger rätt att teckna ske med

tillämpning så långt möjligt av de principer som anges i detta moment H.

*If the Company's share capital is reduced through redemption of shares with repayment to the shareholders, where such reduction is not compulsory, but where, in the opinion of a reputable independent valuation institute, the reduction, due to its technical structure and its financial effects, is equivalent to a compulsory reduction, the recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe shall be made, to the greatest extent possible, in accordance with the principles stated above in this sub-section H.*

Om Bolagets aktier vid tidpunkten för minskningen inte är föremål för marknadsnotering, ska en häremot svarande omräkning av teckningskursen ske. Omräkningen, som ska utföras av ett väl ansett oberoende värderingsinstitut, ska ha som utgångspunkt att värdet på teckningsoptionerna ska lämnas oförändrat.

*If the Company's shares, at the time of the reduction of the share capital, are not subject to a Listing, a corresponding recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe shall take place. The recalculation, which shall be made by a reputable independent valuation institute, shall be based on the assumption that the value of the Warrants shall remain unchanged.*

#### **I Omräkning ska leda till skäligt resultat/Recalculation shall give a reasonable result**

För det fall Bolaget genomför åtgärd som avses i moment A-H ovan och skulle, enligt Bolagets bedömning, tillämpning av härför avsedd omräkningsformel, med hänsyn till åtgärdens tekniska utformning eller av annat skäl, inte kunna ske eller leda till att den ekonomiska kompensation som optionsinnehavarna erhåller i förhållande till aktieägarna inte är skälig, ska ett väl ansett oberoende värderingsinstitut genomföra omräkningen av teckningskursen och det antal aktier som varje teckningsoption i syfte att omräkningen leder till ett skäligt resultat. *Should the Company take actions such as those stated in sub-sections A-H above and if, in the Company's opinion, application of the recalculation formula established for such action, taking into account the technical framework of such action or for other reasons, could not be made or would result in the Warrant Holders receiving, in relation to the shareholders, economic compensation that is not reasonable, a reputable independent valuation institute shall, subject to prior written approval by the board of directors of the Company, make the recalculation of the Exercise Price, and the number of shares for which each Warrant entitles the holder to subscribe to ensure that the recalculation gives a reasonable result.*

#### **J Avrundning/Rounding off**

Vid omräkning av teckningskursen enligt ovan ska denna avrundas till helt tiotal öre, varvid fem öre ska avrundas nedåt och antalet aktier avrundas till två decimaler.

*On recalculation of the Exercise Price in accordance with the above, the Exercise Price shall be rounded off to the nearest SEK 0.10, for which purposes SEK 0.05 shall be rounded downwards and the number of shares shall be rounded off to two decimal places.*

#### **K Likvidation/Liquidation**

Beslutas att bolaget ska träda i likvidation enligt 25 kap. aktiebolagslagen får, oavsett likvidationsgrunden, anmälan om teckning ej därefter ske. Rätten att göra anmälan om teckning upphör i och med bolagsstämmans likvidationsbeslut, oavsett sålunda att detta ej må ha vunnit laga kraft.

*In the event it is resolved that the company shall enter into liquidation according to Chapter 25*

*of the Swedish Companies Act, regardless of the grounds for liquidation, applications for subscription may not be made thereafter. The right to make applications for Subscription shall terminate in conjunction with the general meeting's resolution to place the company in liquidation, regardless of whether such resolution has entered into effect or not.*

**L Fusion enligt 23 kap 15 § aktiebolagslagen/Mergers according to Chapter 23, section 15 of the Companies Act**

Om bolagsstämman skulle godkänna en fusionsplan enligt 23 kap 15 § aktiebolagslagen, varigenom Bolaget ska uppgå i annat bolag, får anmälan om teckning därefter ej ske.  
*In the event the general meeting approves a merger plan in accordance with Chapter 23, section 15 of the Companies Act, pursuant to which the Company is to be merged into another company, applications for Subscription may not thereafter be made.*

Senast en månad innan Bolaget tar slutlig ställning till fråga om fusion enligt ovan, ska optionsinnehavare genom meddelande enligt punkten 11 nedan underrättas om fusionsavsikten. Underrättelsen ska innehålla en redogörelse över det huvudsakliga innehållet i fusionsplanen samt en erinran om att teckning inte får ske efter att beslut om fusion fattats av bolagsstämman.

*Not later than one month prior to a final determination by the Company in respect of a merger as set forth above, notice shall be given to Warrant Holders in accordance with section 11 below in respect of the proposed merger. Such notice shall include the main aspects of the proposed merger plan and a reminder that applications for Subscription may not be made following a final decision regarding the merger in accordance with the provisions set forth in the preceding paragraph.*

Om Bolaget lämnar underrättelse om fusion enligt ovan, ska optionsinnehavare – oavsett vad som i punkten 4 ovan sägs om tidigaste tidpunkt för anmälan om teckning – äga rätt att göra anmälan om teckning från den dag då underrättelsen om fusionsavsikten lämnats, förutsatt att teckning kan verkställas senast på femte vardagen före den bolagsstämma, vid vilken fusionsplanen, varigenom Bolaget ska uppgå i annat bolag ska godkännas.

*In the event the Company gives notice regarding a proposed merger in accordance with the above, each Warrant Holder, irrespective of that which is set forth in section 4 above regarding the earliest time at which applications for Subscription may be made, shall be entitled to apply for Subscription commencing on the date on which notice is given regarding the proposed merger, provided that it is possible to effect Subscription not later than the fifth weekday prior to the general meeting at which the merger plan, pursuant to which the Company is to be merged into another company, is to be approved.*

**M Fusion enligt 23 kap 28 § aktiebolagslagen/Mergers according to Chapter 23, Section 28 of the Companies Act**

Om Bolagets styrelse upprättar styrelse en fusionsplan enligt 23 kap 28 § aktiebolagslagen, eller annan motsvarande associationsrättslig lagstiftning, ska följande gälla.

*If the Company draws up a merger plan in accordance with Chapter 23, Section 28 of the Companies Act, the following shall apply.*

Äger ett moderbolag samtliga aktier i Bolaget, och offentliggör Bolagets styrelse sin avsikt att upprätta en fusionsplan enligt 23 kap 28 § aktiebolagslagen, ska Bolaget, för det fall att sista dag för anmälan om teckning enligt punkten 4 ovan infaller efter sådant offentliggörande,

fastställa en ny sista dag för anmälan om teckning ("slutdagen"). Slutdagen ska infalla inom 60 dagar från offentliggörandet.

*If the parent company holds all shares in the Company and the board of directors of the Company announces its intention to draw up a merger plan according to the provisions of Chapter 23, Section 28 of the Companies Act, then the Company if the last date for Subscription according to section 4 above occurs after such announcement, shall determine a new last date for notification of Subscription (the final date). The final date shall occur within 60 days from the announcement.*

Äger en aktieägare (majoritetsaktieägaren) ensam eller tillsammans med dotterföretag aktier representerande så stor andel av samtliga aktier i Bolaget att majoritetsaktieägaren, enligt vid var tid gällande lagstiftning, har rätt att påkalla tvångsinlösen av återstående aktier och offentliggör majoritetsägaren sin avsikt att påkalla tvångsinlösen av återstående aktier, ska vad som i föregående stycke sägs om slutdagen äga motsvarande tillämpning.

*If a shareholder (the majority shareholder) alone, or jointly with subsidiaries, holds a sufficient portion of all Shares in the Company entitling the majority shareholder the right to initiate compulsory acquisition according to applicable laws of the remaining shares in the Company and if the majority shareholder announces its intention to initiate compulsory acquisition, the preceding sub-paragraph shall apply.*

Om offentliggörandet skett i enlighet med vad som anges ovan i detta moment L, ska – oavsett vad som i punkten 4 ovan sägs om tidigaste tidpunkt för anmälan om teckning – optionsinnehavare äga rätt att göra sådan anmälan fram till slutdagen. Bolaget ska senast fyra veckor före slutdagen genom meddelande enligt punkten 11 nedan erinra optionsinnehavarna om denna rätt samt att anmälan om teckning ej får ske efter slutdagen.

*In the event the announcement has been made in accordance with what is stated in this subsection L, shall - irrespective of what is stated in section 3 above regarding the earliest date for notification of Subscription – the Warrant Holder be entitled to make such notification up to the final date. The Company shall not later than four weeks prior to the final date by notification according to section 11 below remind the Warrant Holder of such right and that notification of Subscription is not permitted after the final date.*

#### **N Övrigt/Miscellaneous**

Oavsett vad under mom. (K), (L) och (M) ovan sagts om att anmälan om teckning ej får ske efter beslut om likvidation, godkännande av fusionsplan/delningsplan eller efter utgången av ny slutdag vid fusion ska rätten att göra anmälan om teckning åter inträda för det fall att likvidationen upphör respektive fusionen ej genomförs.

*Notwithstanding the provisions set forth in subsections (K), (L) and (M) above that applications for Subscription may not be made following the adoption of a resolution to place the company in liquidation, the approval of a merger or demerger plan, or the expiry of a new expiration date in conjunction with a merger, the right to make an application for Subscription shall apply in circumstances where the liquidation is terminated or the merger is not carried out.*

#### **O Konkurs/Insolvent liquidation**

Vid Bolagets konkurs får teckning med utnyttjande av teckningsoption inte ske. Om konkursbeslutet hävs av högre rätt, återinträder rätten till teckning.

*If the Company is put into insolvent liquidation, Subscription may not take place through the*

*exercise of Warrants. Where, however, the decision to put the Company into insolvent liquidation is set aside by a higher court, subscription rights shall be reinstated.*

**P Särskilt åtagande av Bolaget/Special undertaking by the Company**

Bolaget förbinder sig att inte vidta någon i punkten 8 ovan angivne åtgärd som skulle medföra en omräkning av teckningskursen till belopp som understiger akties vid var tid gällande kvotvärde.

*The Company undertakes not to take any measures set forth in section 8 above that would result in an adjustment of the Exercise Price to an amount less than the from time to time prevailing quota value of the Share.*

**9 Meddelanden/Notices**

Meddelanden rörande teckningsoptionerna ska tillställas varje optionsinnehavare och andra rättighetsinnehavare som är antecknad på avstämningskonto.

*Notices relating to these Terms and Conditions shall be provided to each Warrant Holder and any other rights holders registered in Securities Accounts.*

**10 Ändring av villkor/Amendments to terms and conditions**

Bolaget har rätt att besluta om ändring av dessa optionsvillkor i den mån lagstiftning, domstolsavgörande eller myndighetsbeslut så kräver eller om det i övrigt av praktiska skäl är ändamålsenligt eller nödvändigt och optionsinnehavarnas rättigheter inte i något avseende försämras.

*The Company shall be entitled to amend the terms and conditions of the Warrants to the extent required by legislation, decisions of courts of law or decisions of governmental authorities or where otherwise, in the Company's opinion, such is necessary or expedient for practical reasons and provided that the rights of the Warrant Holders are in no way prejudiced.*

**11 Sekretess/Confidentiality**

Bolaget och Euroclear får inte utan tillstånd lämna uppgift till utomstående om optionsinnehavare. Bolaget har rätt till insyn i Euroclears avstämningsregister över teckningsoptionerna, vari framgår vem som är registrerad för teckningsoption.

*The Company and Euroclear may not, without authorisation, disclose information regarding the Warrant Holders to any third party. The Company shall have access to information contained in the register of warrants held by Euroclear which sets out the persons registered as holders of Warrants.*

**12 Begränsning av ansvar/Limitation of liability**

I fråga om de åtgärder som enligt dessa optionsvillkor ankommer på Bolaget, Euroclear eller Banken gäller med beaktande av bestämmelserna i lagen (1998:1479) om värdepapperscentraler och kontoföring av finansiella instrument att ansvarighet inte kan göras gällande för skada, som beror av svensk eller utländsk lag, svensk eller utländsk myndighetsåtgärd, krigshändelse, strejk, blockad, bojkott, lockout eller annan liknande omständighet. Förbehållet i fråga om strejk, blockad, bojkott och lockout gäller även om Bolaget, Euroclear eller Banken vidtar eller är föremål för sådan konfliktåtgärd.

*In respect of measures which it is incumbent on the Company, Euroclear or the Bank to take in accordance with the terms and conditions of the Warrants, taking into consideration the provisions of the Financial Instruments Accounts Act (SFS 1998:1479), neither the Company, Euroclear nor the*

Euroclear är inte heller skyldigt att i andra fall ersätta skada som uppkommer, om Euroclear varit normalt aktsam. Motsvarande ansvarsbegränsning ska gälla även för Bolaget och Banken. Härutöver gäller att Bolaget och Banken inte i något fall är ansvarig för indirekt skada.  
*Nor shall Euroclear be liable for loss which arises under other circumstances provided Euroclear has duly exercised normal caution. The Company and the Bank shall also enjoy a corresponding limitation of liability. In addition, under no circumstances shall the Company or the Bank be liable for indirect loss.*
